

CEMETERY TRUSTEE MEETING
November 10, 2008

PRESENT: Don Burke, Janet Brown, Rob Gordon

GUEST: None

Meeting was called to order by Don Burke @5:01p.m.

Minutes of the June meeting were read and accepted by all. We had no meeting in October.

The Collins Cemetery has been hydro-seeded, the weather that week was heavy rain and wind. The work may have to be undone in the Spring at no expense. Andrew Spielberger was able to set the 9 foot granite step at entrance to Collins Cemetery. We will loam around all before snow.

The inmates returned to paint fences at Sugar Hill, East Weare, Center Square and added stones to stone wall at Pine Grove.

Don will prepare estimate bid sheets for work to reset stone wall at Don Peaslee Cemetery at Rte. 77 North Weare.

We will send letter of thanks to Hillsboro Inmate program and request them again for next year.

We all felt the impact of our funds being transferred to the General Fund. The money we have left was for tree removal outside the cemetery at Pine Grove that was very old and 80 feet tall if they drop inside the cemetery they would take out a number of headstones that would be a great expense to the Town. This work would have been done this summer but the trees have to be removed when the ground is frozen so heavy equipment needed does not damage surrounding gravestones by popping up caskets. We hope to have some funds remain for the work.

Meeting adjourned @ 6:06pm.

Respectfully submitted,

Janet Brown
